

OUR COMPANY

WAREHOUSING & LOGISTICS

PCSI Warehousing & Logistics teams receive, store, and distribute tens of thousands of line items per year. Many of these include high-security, high-value, and hazardous contents. We perform supply chain management for the U.S. Navy and warehousing for the U.S. Army and Air Force. Our operations have included the largest Class 9 warehouse in the United States.

Inventory and Document Control

PCSI personnel employ state-of-the-art inventory technology to manage and control warehouse assets. They use automation to scan and store thousands of receipts in an increasingly paperless environment. Our people exhibit personal responsibility and attention-to-detail in order to recognize and recommend system improvements, producing customer savings in the tens of millions of dollars.

Services

PCSI stands ready to bring expert warehouse and logistics services to your facility, including:

- Cataloging
- Care of Material in Storage (COMIS)
- Crating & Packing
- Forklift operations
- HAZMAT transportation
- Preserving
- Receiving
- Shipping
- Storing

Reliability

PCSI customers rely on us to manage and pinpoint the location of mission-critical materials ranging from tiny washers and screws to electronic components and jet engines. They entrust us with inventory positioned around the globe.

OUR PEOPLE

Management

PCSI managers expertly integrate people with disabilities into the PCSI workforce. They equip employees to succeed on the job and to exceed customer expectations by:

- Matching the right person with the right job
- Training employees to know their routines and responsibilities
- Supporting employees to feel valued and appreciated
- Motivating employees to reach their personal best

Physical Demands Analysis

The Physical Demands Analysis is PCSI's unique tool for matching the right person with the right job. It allows us to capitalize on people's strengths while making reasonable accommodations for their needs—including physical, intellectual, hearing, and vision impairments. It is one of PCSI's primary tools for reducing injury and accident rates while improving job performance.

Low Labor Turnover

PCSI's engaged, loyal, team-oriented workers stay on task and on the job. Our low labor turnover rate—less than 15 percent per year—saves your facility money, while preserving talent, skill, and organizational memory. With the cost of turnover estimated at 100 percent of annual salary, worker continuity is a valuable commodity.

PCSI Advantage

- High volume/high value materials
- Comprehensive warehouse management
- Continuous, all-day, all-year service
- Reliable asset control
- Cost savings

MISSION:
To create employment opportunities for people with every type of disability.

VALUES:
Integrity: Always be honest at work, with customers, and with fellow employees
People: Focus on people—customers and employees—first
Agility: Be flexible and innovative in getting the job done
Compassion: Understand and support the needs of fellow employees
Empowerment: Empower people with opportunity, training, and knowledge
